Credentialed by RESNA  
(Rehabilitation Engineering and Assistive  
Technology Society of North America.™)

Seashore Access & Mobility is dedicated to  
meeting your mobility needs at home and  
in the community.

With over 30 years of experience we offer  
common sense solutions to even the most  
complex mobility problems.

We provide sales and service on all types of  
mobility equipment from your basic need to  
the most complex.

Service is completed at the highest level  
of expertise at a reasonable cost. We pride  
ourselves on our personal customer service.

Serving New Jersey in Atlantic and  
Cape May counties, in Pennsylvania  
in Bucks and Philadelphia counties.

426 Shore Road, Suite A • Somers Point, NJ 08244  
Common Sense Mobility Solutions 267-252-3797

**We help you get  
where you  
want to go.**

**Common Sense Mobility Solutions**

# Keep your independence

with our wheelchairs, scooters, stairglides, vehicle lifts and safety equipment.

## GET Going...

Quality equipment you can count on to get you going where you want to go.

▶ All major brands including:

- Sunrise Medical
- Pride Mobility
- Golden Technologies
- Hamar
- ROHO and more

▶ Knee walkers and rollators

▶ Manual and transport wheelchairs

▶ Mobility scooters and vehicle lifts

▶ Power wheelchairs

▶ Stairglides

## KEEP Going...

Complete mobility equipment repair, maintenance and service helps keep you on the move.

- ▶ Routine maintenance and cleaning.
- ▶ Repair services to ensure your equipment is ready and reliable at your location or at ours in Somers Point, NJ.
- ▶ Custom fabrication and modifications when necessary.
- ▶ Maintenance contracts available for hospitals, skilled nursing facilities, assisted living facilities and group homes.
- ▶ Highest level of service at a fair price.

Our technicians complete an extensive phone interview to troubleshoot the equipment and use digital imagery when possible to reduce costs.

## GOING and more...

Our credentialed professionals are experts in postural support, pressure management and skin protection.

- ▶ Specialists in neuromuscular, spinal cord injury and orthopedic conditions.
- ▶ Comprehensive functional and postural assessments to all populations from pediatrics to geriatrics.
- ▶ Mattresses and cushions for purchase or rental to skilled facilities as well as in the home.
- ▶ Creative customization of standard equipment for comfort, function and skin protection.
